

### Information about pension fund

Management company:	"Luminor investicijų valdymas" UAB
Fund manager:	Vytenis Lapinskas
Custodian bank:	Luminor Bank AS
Date of inception:	2007.10.01

### Fund description

It is a high-risk fund where up to 100% of its assets can be invested in equity markets. It has a global exposure to equities, with a more stable long-term return compared to sector or regional funds. Designed for participants seeking potentially higher returns over the long term and exposed to large fluctuations in value. Recommended for 16-50 year olds.

\*\* Aggregated on a 365 days per year basis.

### Fund manager's commentary

Financial markets last quarter of 2023 delivered a much-needed Christmas present. Growing investor sentiment that central banks will cut interest rates sooner in 2024 than previously expected resulted in great returns for equities. In risk assets US outperformed driven by growth stocks that are most sensitive to changes in expected interest rates. Cheaper expected debt next year had the most effect for small capitalization companies and real estate stocks.
