Any such recordings, or transcripts from such recordings may be used and/or disclosed as evidence towards any party (including without limitation to any regulatory authority, supervisory institutions and/or arbitration and/or court) to whom the Bank, at its reasonable discretion, deems it to be desirable or necessary to disclose such information in any dispute or anticipated dispute between the Bank and the Client or for the purpose of the preservation of the interests of the Bank and/or the Client. The copy of the recording of such conversations, and recordings or transcripts of such communication with the Client made by the Bank will be available to the Client on request for a period of five years and, where requested by a competent authority, for a period of up to seven years.
- 4.16. The Bank, in addition to any other rights it may have under the Agreement or these General Terms, or under the applicable legal acts in general, may limit the Client's right to increase their exposure where the value of the Client's portfolio of Financial Instruments in the Account exceeds EUR 5,000,000 (five million Euros).

14.2. If on any date the same amounts are payable under these General Terms by each Party to the other in the same currency, then, each Party's obligations to pay any such amount shall be automatically satisfied by netting as provided in Clause 14.3. If the amounts are not in the same currency, the amounts may be converted by the Bank in accordance with the principles referred to in Clause 12.

14.3. If the aggregate amount that is payable by one Party exceeds the aggregate amount that is payable by the other Party, then the Party, by whom the larger aggregate amount is payable, shall pay the excess to the other Party and each Party's obligations to make a payment shall be satisfied and discharged.

14.4. If the Client, at any time during the relationship between the Client and the Bank, has a negative cash-balance in any Account (including the subaccounts thereof), the Bank may, but has no obligation to, net between the Client's Accounts (including the subaccounts thereof). The Client shall bear all the charges and any other costs associated with such netting and currency exchange in accordance with the Price List.

14.5. If the relationship between the Client and the Bank is terminated according to Clause 23, the claims that the Parties have against each other shall be finally discharged by means of netting (closed).

14.6. The Bank may, at its reasonable discretion, determine the rates by obtaining an offer from a Market Maker in the asset in question or by applying rates from electronic financial information systems.

15. TRADING IN FINANCIAL INSTRUMENTS AND EXECUTION OF ORDERS

15.1. The Client may provide the Bank with instructions and Orders in the form determined by the Bank from time to time and using the Trading Platform or other means as set out in Section 4 of these General Terms.

15.2. The Bank shall handle and execute Clients' Orders and instructions on the Financial Instruments in accordance with the Bank's Order Execution policy and applicable laws while acting honestly fairly and professionally and taking into account Client's best interest.

15.3. The Client's instructions and Orders are binding on the Client when received by the Bank. If the Client wishes to withdraw an instruction or Order to the Bank that has not yet been executed, the Client may contact the Bank and request to cancel the Order or instruction, but the Bank is under no obligation to accept the cancellation of such instruction or Order. A request for cancellation of an Order shall be made via the Trading Platform or by contacting the Bank via Bank's internet bank message or recorded phone line provided that a separate agreement is signed between the Parties in accordance with Clause 4.2. An instruction or Order is not cancelled until the Client has received a written confirmation of the cancellation from the Bank.

15.4. No instruction or Order from a Client is binding on the Bank until it has been accepted. No binding Order or other Transaction is entered into until it has been recorded as executed by the Bank and confirmed by the Bank to the Client through the Settlement/Trade Confirmation, subject to Clause 8. If an Event of Default occurs, the Bank reserves the right to calculate the net amount owed by either Party in accordance with these General Terms regardless of any Settlement/Trade Confirmation provided.

15.5. The Bank supports different order types which are described in, and executed in accordance with, the Order Execution policy. For the avoidance of doubt, limit Orders and stop Orders are not guaranteed to be executable at the price or amount specified by the Client but will be executed in accordance with the Bank's Order Execution policy in the absence of an Event of Default of the Client.

15.6. The Bank shall have the right to refuse to execute the Client's Order if the Client has not delivered sufficient Financial Instruments or funds and/or in the event Client, in the reasonable opinion of the Bank, breaches the provisions of the Agreement or the Documents and/or in other cases stipulated in the Documents.

15.7. The Client shall be responsible for all the Orders and for the accuracy of any information sent online using the Client's name, password or other personal identification means used for the Client identification purposes.

15.8. Due to delayed transmission between the Client and the Bank the price offered by the Bank may have changed before an Order from the Client is received by the Bank. If Automatic Order Routing is offered to the Client, the

Bank may change the price on which the Client's Order is executed to the Current Market Value at the time at which the Order from the Client was received.

- 15.9. The Bank will not include any additional spread in the price of the execution achieved for the Client but will be remunerated according to the Price List.
- 15.10. The Client shall be specifically aware that in certain markets the Bank may execute the Client's order by dealing on its own account.
- 15.11. To quote prices with the swiftness normally associated with speculative trading, the Bank may have to rely on available price or availability of information that may later prove to be faulty due to specific market circumstances, for instance, but not limited to, lack of liquidity in or suspension of an asset or errors in feeds from information providers or quotes from the Counterparties. If so and if the Bank has acted in good faith when providing the price to the Client, the Bank may cancel the trade with the Client but shall do so within reasonable time and shall provide the Client with a full explanation for the reason for such cancellation.
- 15.12. The Client understands and acknowledges that to ensure market integrity or in Extraordinary Market Condition the relevant exchange or Regulated Market may cancel any trade if required, therefore under such Extraordinary Market Conditions the Bank reserves the right not to execute the Client's Order. The Client will be notified if an Order cannot be executed due to such Extraordinary Market Conditions.
- 15.13. If the Bank is unable to obtain and deliver the requested Financial Instruments, the Bank or its Counterparty may be unable to complete the Client's buy Order. Consequently, the trade will be cancelled, unless the Bank or its Counterparty holds the Financial Instruments itself or is able to obtain them on usual terms no later than two Business Days after the value date in question.
- 15.14. The Bank will cancel any Order for a Financial Instrument if the specific Financial Instrument is suspended or transferred to the observation list on the Regulated Market or relevant stock exchange.
- 15.15. The Client shall not submit Orders which are lacking commercial purpose, which individually or combined aims to affect pricing in the trading system or which aims to delay or prevent access to the trading system for other market participants. The Client shall not enter an Order into the trading system on conditions fully or partially identical to another unexecuted Order entered into the trading system by the same client.
- 15.16. Bank cannot be held liable for any losses suffered by the Client in conjunction with Automatic Order Routing owing to system error, power outage or any other event beyond the control of the Bank. When trading directly at the Regulated Market the aggregate market value of unsettled trades and Orders is subject to certain limits. Trades or Orders remain unsettled until the value date. The Client may enter Orders up to an amount equivalent to the value of the funds available on the Client's Account.
- 15.17. Orders entered into the Trading Platform, must reflect the relevant instrument's Current Market Value and represent actual Orders and trades. An Order does not reflect the Current Market Value if it has been entered into the Trading Platform at a price that, provided the Order is executed automatically, will obviously result in a trade that does not reflect the Current Market Value. The validity of an order must be considered when assessing the market value.
- 15.18. Bank may cancel Orders and trades that do not reflect the Current Market Value of the relevant Financial Instrument. Bank shall not be held liable for any cancellation of an Order or trade.
- 15.19. The exchange may determine that the Order, which does not fulfil the criteria indicated in Clauses 15.17-15.18 above or that may be considered as attempted price manipulation, is considered invalid and to be deleted from the order book or, moreover, is considered as constituting a trade that cannot update the most recently price paid.
- 15.20. Unless agreed otherwise, the Settlement date usually depends on the Market Rules of the relevant Regulated Market or stock exchange. The Settlement date is also the value/interest-rate date.
- 15.21. When the Client purchases Financial Instruments, the Client obtains unconditional right of title to the Financial Instruments only if the final payment to the Bank is made on the Settlement date. Until final payment is made, the Bank reserves the right of title to the Financial Instruments being purchased by the Client. When the Client sells Financial Instruments to the Bank, the Bank's payment of the Settlement amount is subject to the Bank acquiring unconditional right of title to the Financial Instruments on the Settlement date.
- 15.22. If the Order is placed to purchase and/or sell a Financial Instrument that is quoted in different currency than the currency of the Account, the automatic currency conversion will be performed prior to execution of the Order. For any currency conversions to or from EUR (Euro), a market spot exchange rate will be used to which a margin indicated in the Price List will be added. A spot exchange rate is the current price level in the market to directly exchange one currency for another, for delivery on the earliest possible value date which is provided by most Electronic Communication Network (ECN) brokers (e.g., Reuters).
- 15.23. *These following terms shall only apply when the Client is a natural person:*
 - 15.23.1. The Bank presumes that the Financial Instruments of the Client who is in marriage are held in a joint ownership by the spouses. An Order in respect of the sale, transfer of or restriction of the rights to such Financial Instruments may be placed by the Client acting together with a spouse or acting with a power-of-attorney issued by the spouse or other documentation certifying the Client's sole right of disposal, in the form and substance acceptable to the Bank.
 - 15.23.2. An Order in respect of the Financial Instruments held in a personal ownership of the Client who is in marriage shall be placed only after written documentation, in the form and substance acceptable to the Bank, confirming the fact of such personal ownership is submitted to the Bank.
 - 15.23.3. The Client shall immediately notify the Bank in the following cases:
 - 15.23.3.1. any change of marital status, i.e., a marriage or divorce;
 - 15.23.3.2. any change in the residency of their spouse;
 - 15.23.3.3. any change in the manner in which the Client and their spouse administer their common joint ownership (in relation to Financial Instruments);

- 15.23.3.4. a cancellation or termination of the power of attorney issued by the Client's spouse for the actions in respect of the common joint common ownership (in relation to Financial Instruments).

In the event Client fails to properly and timely fulfil its obligations under this Clause 15.23.3, the Client shall indemnify the Bank for any losses, liabilities, fines, and expenses incurred due to such breach of obligations.

16. SAFEKEEPING OF CLIENT ASSETS

- 16.1. When holding Financial Instruments belonging to the Clients, the Bank shall undertake measures to safeguard the ownership rights of the Clients. The Bank shall enter in the accounts its own Financial Instruments and the Financial Instruments of each client separately.
- 16.2. The Bank shall have no right to use the Financial Instruments belonging to the Client, except with the Client's express consent.
- 16.3. The Client's Financial Instruments issued by issuers registered in foreign states may be held in custody by another Financial Instrument custodian. When choosing Financial Instruments custodian the Bank shall exercise all due skill, care and diligence in selection, appointment, and periodic review of the Financial Instruments custodian. On the Client's request, the Bank shall provide the Client with information on the custodian of the Financial Instruments belonging to the Client.
- 16.4. Another person to whom the Clients' Financial Instruments may be transferred for holding in custody may be established only in such state where holding of another person's Financial Instruments is subject to specific regulation and supervision and such specific regulation and supervision shall be applied in respect of the person to whom the Clients' Financial Instruments are transferred for holding.
- 16.5. The Bank shall not transfer the Clients' Financial Instruments for holding to persons that are established in a non-EEA Member State, where storing and protection of another person's Financial Instruments is not specifically regulated and supervised. The Bank may derogate from this requirement if:
- 16.5.1. Due to the nature of the Financial Instruments or investment services pertaining to them, such Financial Instruments must be held in custody by a person located in non-EEA Member State; and
- 16.5.2. The Financial Instruments are held in the name of the professional Client who directs in writing for the Bank to hold in custody the Financial Instruments with the third person located in non-EEA Member State.
- 16.6. By accepting these General Terms, the Client agrees that the Financial Instruments belonging to the Client may be held in custody in an omnibus account opened with another Financial Instrument custodian. In case of absence of possibilities to hold the Client's Financial Instruments in the omnibus account opened with another Financial Instrument custodian, the Client's Financial Instruments may be held in custody in the Financial Instrument account opened by another Financial Instrument custodian on behalf of the Bank or another Financial Instrument custodian. The Client acknowledges and accepts that while holding the Client's Financial Instruments in the omnibus account or on behalf of the Bank or another Financial Instrument custodian, such Financial Instruments may be subject to claims against another client, the Bank, or another Financial Instrument custodian. The Bank shall not assume any liability pertaining to holding the Financial Instruments with and/or on behalf of the third person. Financial instruments belonging to the Client and held in custody with the third person, in accordance with the requirements of the national legal acts applicable to the third person, may not be separated from the Financial Instruments belonging to the Bank or third person, and the Client acknowledges and accepts that such Financial Instruments may be subject to claims against another Client, the Bank or another Financial Instrument custodian.
- 16.7. Where the law of a non-EU Member State is applied in respect of the accounts in which the Financial Instruments belonging to the Client are accounted for, the rights granted by the Financial Instruments belonging to the Client may change accordingly.
- 16.8. The Bank shall have the right to set-off the Bank's and Client's claims in accordance with the procedure established in the General Rules, these General Terms, and the Agreement.
- 16.9. To ensure safety of the Financial Instruments and the funds belonging to the Clients, the Bank shall implement the proper activity organisation policy and procedures, have sound administrative and accounting procedures, internal control mechanisms, effective procedures for risk assessment, and effective control and safeguard arrangements for information processing systems, and shall undertake any and all other required actions.
- 16.10. The Bank shall have the right, in accordance with the procedure established by legal acts, to provide the following information on the Clients' Financial Instruments and funds to persons entitled to receive such information, including competent authorities:
- 16.10.1. internal accounts and information that facilitates identification of balances of the funds and Financial Instruments kept on behalf of each Client;
- 16.10.2. information and data on the Bank's accounts in other banks where the Clients' funds are kept and information on the appropriate agreements with other banks;
- 16.10.3. information and data on accounts with other persons with whom the Clients' Financial Instruments are held in custody and information and data on the respective agreements with such other persons;
- 16.10.4. data on the third persons to whom the functions related thereto are delegated and comprehensive information on the delegated functions;
- 16.10.5. information on the main persons participating in the related processes, including the persons responsible for the supervision of the compliance with the requirements pertaining to the protection of the Clients' assets;

- 16.10.6. the agreements that are important for establishing the Clients' ownership right to the assets held in custody.
- 16.11. The Bank shall not lend its Clients' Financial Instruments held in custody to other persons and shall not use them for any other purposes.
- 16.12. The information about the custodians of Client's Financial Instruments is available on Bank's website.

17. BANK'S COUNTERPARTIES

- 17.1. To execute any Client's instructions, the Bank will instruct a Counterparty selected at the Bank's sole discretion.
- 17.2. The Bank shall not be responsible for errors committed by such Counterparties unless it is proven that the Bank has not exercised all due skill, care and diligence when selecting and appointing the Counterparty.

18. MARKET DATA

- 18.1. The Bank may provide access to the Client to Market Data on the Trading Platform. The Bank does not sell Market Data but is merely a facilitator of the Market Data from various Market Data Sources.
- 18.2. The Client shall comply with the terms and conditions, policies and rules of the Market Data Sources related to provision of respective Market Data.
- 18.3. The Client may enter into separate agreements with Market Data Sources via the Trading Platform to receive broader scope of the Market Data, and the Client shall comply with obligations under those agreements.
- 18.4. Any Market Data available on the Trading Platform is strictly for display on the Trading Platform. The Client shall not redistribute, disclose, transfer, reproduce, derive, sell or in other ways exploit the received Market Data or any other public market information made available through the Trading Platform. The Client shall not enable third parties to access the Market Data displayed on the Trading Platform in any form, including without limitation, sharing logins and passwords or any other personal identification means used for the Client identification purposes with any third parties enabling the access to the Trading Platform.
- 18.5. The Client shall not use Market Data for illegal purposes.
- 18.6. The Client shall provide the Bank and, where applicable, the Market Data Sources, with requested information, and shall ensure that all provided information is complete and correct at all times. If the Bank or the Market Data Sources deem the provided information insufficient, the Bank or the Market Data Sources may adjust the Market Data charges applicable to the Client.
- 18.7. The Client acknowledges and agrees that the Bank may store and transfer information about the Client, including, without limitation, the name and address of the Client to the Market Data Sources and/or their assignees.
- 18.8. The Market Data is facilitated without any express or implied warranties. The Bank shall not guarantee the accuracy, timeliness, availability, or completeness of the Market Data. The Market Data Source or the Bank may choose to change or discontinue the Market Data services at any time.
- 18.9. The Client hereby acknowledges the intellectual property rights and the rights to legal remedy of relevant markets or any assignee thereof in respect of the Market Data.
- 18.10. The Client expressly acknowledge and agree that the Market Data is supplied on "as is" and "as available" basis and shall be used by the Client solely at their own risk. The Bank or any of the entities in the Bank Group and/or any Market Data Source shall not be responsible or liable to the Client or any person for any loss or damage arising out of or in connection with any use and/or access or inability to use and/or access to the Market Data and/or any error or omission in the Market Data.

19. DEFAULT AND DEFAULT REMEDIES
